

MASSAGE THERAPY TRAINING

- Human anatomy (skeletal, muscular and nervous systems)
- Study of common pathologies to better understand clients' pain
- Massage techniques – relaxation, sports massage and deep tissue

Group training €1,900 for 2 days

Upcoming dates : february 9–10 ; march 9–10 and april 18–19

Private training €2,900 per day

Choice of dates, schedule distribution, and training language (French or English)

10.00H – 18.00H

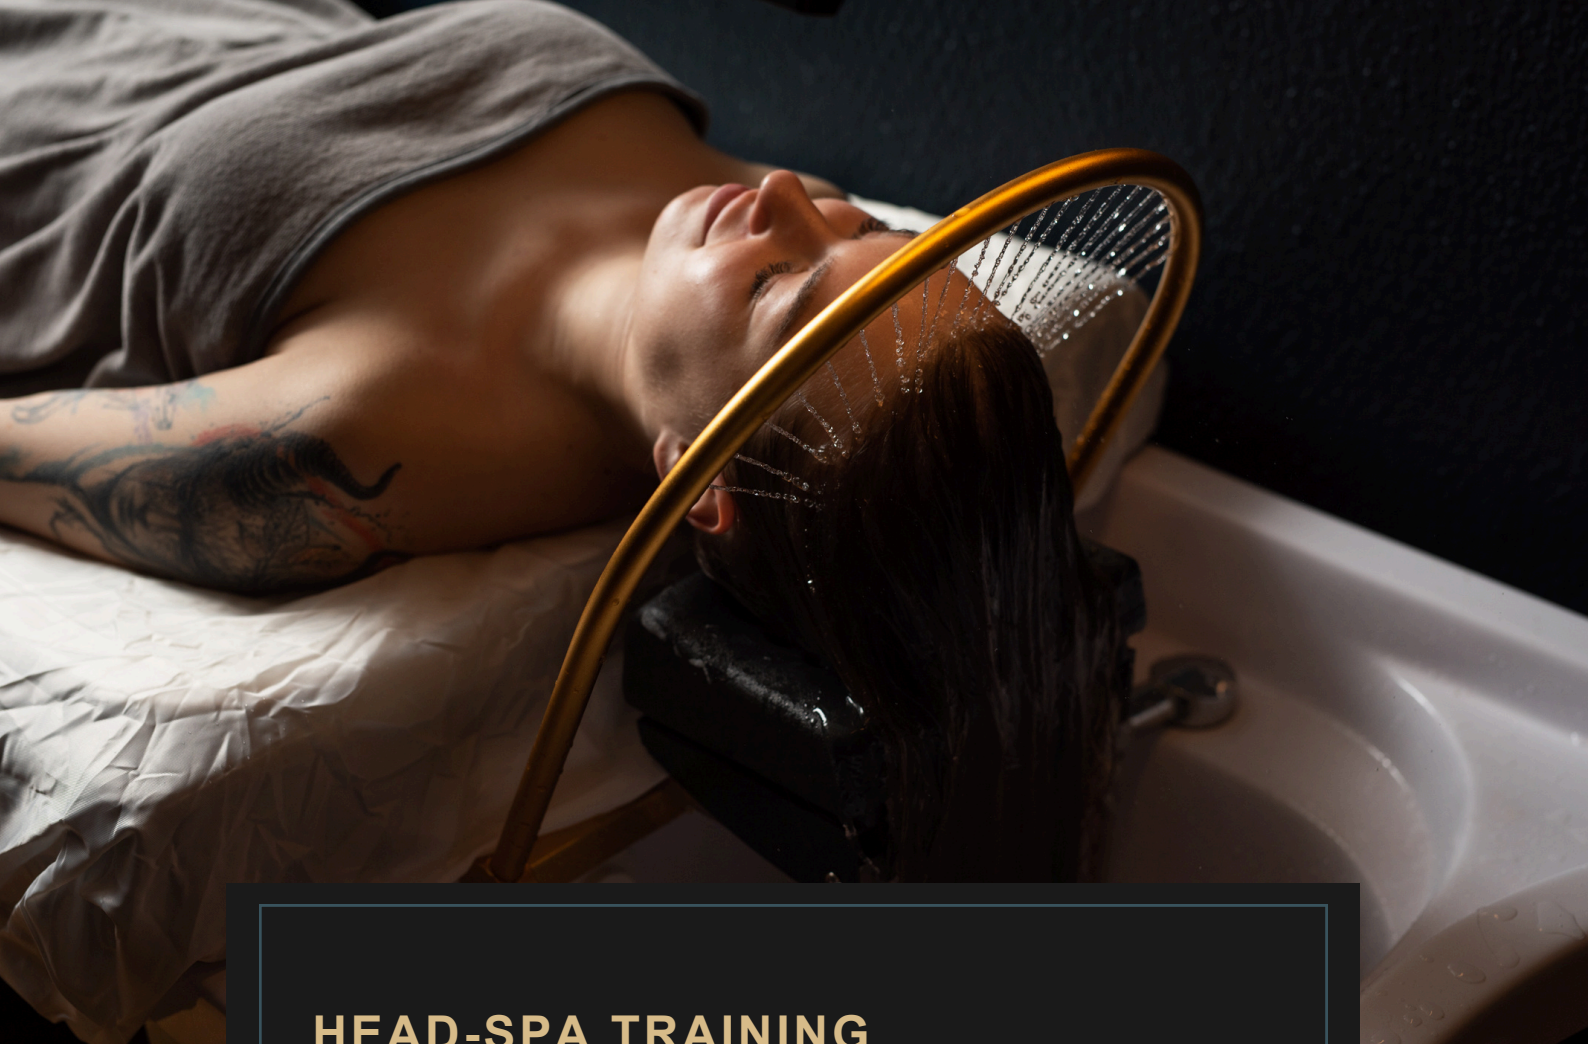

177 rue de Neudorf
2221 Luxembourg

You will receive a handbook containing all theoretical information, as well as access to a discussion group allowing you to exchange and ask questions, even after the training has ended.

A certificate of participation will be issued at the end of the 2 days.
Upon request, you will be able to return after practicing to validate your skills and obtain a certificate of competency.
